

**KWAME NKURMAH UNIVERSITY
INTERNAL MEMO**

TO: All Members of the Kwame Nkrumah University Community
FROM: Director - Quality Assurance / Erasmus+ Programs Focal Point (KNU)
DATE: November 28, 2025

SUBJECT: **LAUNCH OF THE 2026 ERASMUS+ CALL FOR GRANT PROPOSALS**

Dear Colleagues,

The European Union (EU) has launched the 2026 Erasmus+ Call for Proposals. The application period is now open and will run from November 2025 until March 2026.

The call encompasses a wide range of programmes and research projects across various funding strands. I encourage all interested academic and research staff to consider applying for this EU grant funding.

For those who require assistance in understanding the call or developing a proposal, **my office is available to provide support. We will work closely with the KNU Research Committee** to help applicants shape and refine their applications for the 2026 Erasmus+ Project and Programme Grants.

The official call for proposals and detailed guidelines will be made available on the "**Projects**" portal of our **University Website**, under the **Erasmus+ section**. Interested applicants will find the relevant links and further information there.

Dr. Joseph K. Hachintu, PhD
